

Delivery Schedule

Place your rental order ASAP as product availability is limited

Rental orders should be placed at least 3 days prior to a scheduled delivery date to ensure being placed on the delivery list for that date (i.e. If the delivery date is 8/20, the order should be placed by 8/17 to be fulfilled on the 8/20 delivery).

We always deliver rentals on the earliest possible date once the order is placed and we work with the school on the first delivery (and some follow up deliveries depending on school) to get rentals delivered directly to you room even if you have not arrived yet.

We will continue accepting orders even after scheduled delivery dates have passed depending on product availability for your school.
